# SIGNATURE STYLE

PHOTOGRAPHY BY JENNIFER KOSKINEN

As principal of her boutique architectural firm, Brewster McLeod Architects Inc., Jamie Brewster McLeod is the heart and soul of her company, bringing passion and a personal approach to each high-end home she designs. "I'm 100-percent invested in all of my projects to ensure that every home is a custom fit for my clients," she says. McLeod has developed strong working relationships with all of her contractors, consultants and vendors, which gives her an advantage when it comes to assembling the right team for each project. She also pushes the envelope, incorporating new technologies to maximize the energy efficiency of her designs, and ensures that each home is perfectly balanced to enrich its natural surroundings. Her greatest satisfaction is seeing the enjoyment that her clients experience from their new home.

accent metal  
**LIQUID METAL COATINGS**

Fairway Lodge features a set of oil-rubbed bronze-coated entry doors, as well as a custom fireplace surround and bathroom cabinetry, all created by Liquid Metal Coatings. Their cold-spray process allows a seamless layer of metal to flow over any surface, including countertops, range hoods, backsplashes and furniture. The door face and inset panels pictured here feature a light hammered texture and a vertical "brookwater" texture. **Visit [www.liquidmetalcoatings.com](http://www.liquidmetalcoatings.com) or call 303.202.2042 for more information.**

custom windows  
**JB WINDOWS SPECIALTIES**

JB WindowS Specialties brings energy-efficient windows, custom wood doors and bronze hardware options to homes across western Colorado. Known for its ability to tailor its window offerings to meet the special challenges presented by high-country living, the firm offers solutions for reducing heat and cold transfer, blocking UV rays and controlling glare from the powerful Colorado sunshine. **Call 970.434.0909 (Grand Junction), 970.728.9699 (Telluride) or 970.963.7330 (Carbondale) for more information.**

cabinetry and trim  
**GENESIS INNOVATIONS**

Family-owned Genesis Innovations is a full-service firm that engineers, designs, manufactures and installs architectural wood refinements, ranging from cabinetry to doors, millwork, furnishings and more. A FSC-chain-of-custody-certified manufacturer, Genesis Innovations employs a staff devoted to creating one-of-a-kind pieces with a special emphasis on sustainability. For the Fairway Lodge's kitchen and family room cabinetry, Genesis used bamboo—a rapidly renewable material—with a wire-brushed textured finish; maple was used for the balance of the house. "The clean lines and minimal trim are part of the mountain contemporary feel of the home," says Greg Armstrong, one of the firm's certified kitchen designers. **Visit [www.genesis-innovations.com](http://www.genesis-innovations.com) or call 888.635.2500 for more information.**
